

Molly is a F1 GoldenDoodle and she is the daughter of Nala and Deke

She's gentle, kind,sweet, and a all around very nice demeanor and loves everybody.

She is birdy as well and will begin this fall hunting. She will make an excellent mother when the time comes and she just loves the litters from this year.Her litters will begin in 2027.

Her dna is pending and will be tested at age 2 for hips.
